

Blomidon Estate Winery
is pleased to announce the release of our first ever

2007
Lucie Kuhlmann

The 2007 growing season benefited from a long warm autumn providing ideal conditions for grapes to reach their maximum potential. Our first ever Luci Kuhlmann was estate grown at our Woodside Vineyard. This dry red wine is very balanced and displays soft tannins with refreshing fruit flavours. This wine would be a wonderful addition to the dinner table and pairs well with pasta, salmon, cheese or serve on its own.
